Instruction Memorandum No. CO-98-053  
Expires 9/30/99

To: DMs, AMs, DSDs, and Chief, External Affairs

From: State Director  Associate

Subject: Notice of "Freezing" Case Recordation (CR), Mining Claim Recordation System (MCRS), and Colorado On-line Recordation and Case Access (ORCA)

Attached is the subject notice for posting in your Information Access Centers. Pending conversion to the Automated Land and Mineral Record System (ALMRS) Release 1, ORCA will be "frozen" September 18, 1998, and CR, and MCRS "frozen" September 23, 1998.

This freeze means there will be a "snapshot" taken of these data bases for data conversion purposes. These data bases may still be accessed after the "freeze" and will continue to be updated until ALMRS is deployed, which is currently scheduled for January, 1999. At deployment the data in ALMRS will contain data up to the "freeze" date and data updated since that time will be manually entered.

This is the second of several notices to inform members of the public and employees about the activities related to ALMRS Release 1 deployment. As future activities occur, appropriate notices will be distributed to provide employees and the public on the ALMRS deployment.

Questions relating to this notice may be referred to Patsy Lynch, State Records Administrator on (303) 239-3616, or Adrian Caufield, State Data Administrator, on (303) 239-3941.
